Procedure

Introduction:

This lesson focuses on the Adriatic Sea. It encourages learners to think about the value of the sea. The lesson also helps to develop students' vocabulary to understand the topic, to engage in communication and discuss the topic.

Lead-in:	Teacher introduces the topic
	Students do tasks 1 and 2.
Main part:	Students do the following task, task 3, which focuses on reading comprehension. Students take notes in their notebooks.
Discussion	You can start a discussion with your students about the text and some interesting facts. Students can do activities 4 and 5
	In activity 5, students can write about their holiday somewhere on the Adriatic coast. This is a good opportunity to revise the Past Simple Tense forms of the verbs. Students read their e-mails.
Final part:	Ask students about their opinion about the topic and today's lesson Carry out the evaluation to learn more about their engagement.
